“ *As neighbors, we shared many lovely moments with Dawn over the years. We bought our eggs from her, and her sense of humor was fun and delightful.*

(from an email she once sent me)

Hey lady!

Sorry I missed you today. I just dropped off 2 dozen eggs at your door. I hope this is ok. It was a little after 5:30. Hopefully you didn't run off to some secluded island for the week. Oh well, you may come home to 2 dozen chicks.

Dawn

We will miss her and her gentle ways.

“ *Although I haven't seen you in many years, I fondly remember when our families were close. Having lost my own wife Jan just 10 months ago, I can appreciate the sadness and sorrow you are all dealing with. I am so very sad for your loss. Please know that on your lonely journey through grief, you are not alone and love never dies.*

“ I had no idea Dawn was sick. She was always a ray of sunshine at the backfield! I had the privilege of coaching Ezra and Heinrich in the last couple years and she was so loving and caring, but also a realist. Last year when Henry got hit in the face by a ball thrown by a teammate, I was freaking out, but as she was comforting him, she confidently stated " there's no blood, so he'll be fine". I was so inspired by her calmness in the situation that I asked her if she only had the 2 kids. She almost fell over laughing when she said he was the youngest of 10. Everyone I talked to the rest of the day I asked "can you believe she has birthed 10 kids!" She just smiled with pride. We are all better people who had the chance to know her. She will truly be missed. God be with you all.
