“ Greetings from Cambodia. When I was a teenager, Kathy and I went together on a mission trip from our church. What an encourager she was in the early years of my exposure to missions. She had a way of asking questions that made me feel like my voice was important. I'm so grateful to have known her and know that there will be many souls joining her in heaven because of her impact.

“ Dennis I was so sorry to hear of Kathy's passing. She was such a wonderful woman and I loved working on the ambulance with her. She was by far one of the smartest EMT's I knew. She was always asking questions so she knew exactly why we were doing every procedure on the ambulance. I missed her immensely when she decided to leave it behind her. And we had such fun whenever we went to seminars. She will always remain in my heart.
